## Introduction

---

Kimchee originated from Mr Kim's vision to bring his native Korean food to London. Having noticed a gap in the market for good quality Korean restaurants in London, he wanted to introduce British people to the wonderful flavours of Korean cuisine at a reasonable price.

The name 'Kimchee', one of Korea's national dishes, is the most popular accompaniment to any meal. Koreans also love their BBQ food and this is a staple feature of Kimchee, with our open-plan kitchen and charcoal BBQ serving delicious meat and fish dishes.

At Kimchee, we believe in offering the highest standards in food and service so that you truly experience a unique taste of Korea.
