OUR STORY

Once upon a time vegetarians had little choice, but in 2000, three brothers from Switzerland decided to change this. Their dream – a delicious and fresh vegetarian restaurant, as speedy as a fast food joint and as cosy as a corner café. With a little help from their friends at Hiltl (the oldest vegetarian restaurant in the world) they opened the first tibits in Zurich.

Eighteen years on, with ten restaurants in Switzerland and two in London, tibits is all about fresh, healthy and enjoyable vegetarian and vegan food and drink. From breakfast through to your evening meal, there are over 40 titbits on offer daily. Our menu changes regularly with the season, using the best of the seasons produce, so you're always spoilt for choice.

WHAT WE DO

We're a bit different to other restaurants – you pay by weight, so you can take as much or as little as you want. You can choose comfort food – heart-warming pies, risottos and curries. Or you can eat healthy with superfood salads and delicious combinations of good grains and proteins. And you can always come back for more.

But we never, ever, forget dessert. Strictly seasonal except for our signature Sticky Toffee Pudding which isn't going anywhere, and is so deserving of all the accolades. And we change our drinks list as frequently as our food menu, selecting each drink with just as much love and care.

So have a look round, be inspired, be energised and most importantly, make yourself at home.
